

2017 – 2018 Math Bowl Registration Instructions Grades 1 - 5

All Math Bowls will take place at the TPepin Hospitality Center. Each grade level will have at least two competitions times to choose from. Each school should register for only one competition. Awards will be given out at each of the competitions. When schools register they will register for a time and location based on availability.

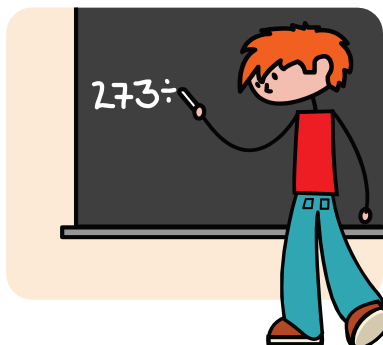

All Math Bowl registrations will be completed online via: www.mathcouncil.com

Registration for 4th and 5th grade Math Bowl will be available in October*. Do not attempt to register earlier as your registration will be wiped out during our website revision.

- Directions on registering for Math Bowl will be on www.mathcouncil.com. Only one person per school should be responsible for registering to avoid duplicate registrations.
- Following your online registration process, you will still be required to print out two forms:
 - Registration/Payment Verification form:
 - This form verifies that you have registered online and indicates your method of payment (membership with events included, single payment, etc)
 - Payment (\$50.00 per team) must be mailed through school mail with verification form. If payment was made via HCTM membership, check appropriate box on form. **Payment is due prior to scheduled event/s.**
 - **Registration/Payment form and checks made out to HCTM should be mailed to:**
Margaret Berridge at Town and Country Rt. 2
 - Media Release form:
 - The media release form must be printed out and brought on the day of the competition. This form will verify that all students in attendance have a signed media release form on file at the school site.
